	5) Install hard disk drive to drive trays using screws in accessory box.
	6) Install hard disks to the unit.
	<ol> <li>Before plug in Pocket View to your system, please follow the next page to complete the RAID set up then it's all good to go.</li> </ol>

## StoragePro<sup>®</sup> RAID Setup Guide

RAID MODE	1	2
RAID 1	off	off
RAID 0 Strip	off	on
RAID 0 Span	on	off

By default, the system is set to RAID 1 Mirroring. To change to RAID 0, please do the following:

- 1. Change the RAID setup to RAID 0 by toggling the switches at the back of the unit. Refer to the table on the left.
- 2. Restart the machine. As the machine powers up, press the Re-Init button (Left Arrow) on the LCD Display.
- After the disk initialization is complete, you will be prompted to confirm your RAID mode change to RAID 0. Press the Re-Init button again to confirm.
- 4. Once the display shows "Active," you may connect the system to your host computer.

\*Please note: Changing the RAID mode will erase your data. Please back up your data properly before setup.
