

StoragePro™ iR16 12G SAS Expander

Technical Specifications - Version 2.0

It's Time to Upgrade to 12G echnology

The iStoragePro iR16 12G SAS Expander is a rackmount-style JBOD enclosure that holds up to 16 3.5" Hard

Drives. Sporting a smooth, modern design, this unit complements any data center, server-storage room, or mobile rack environment in style. **Through the process of Daisy Chaining, you can connect up to a total of 8 of these enclosures to reach a maximum capacity of 1024TB of storage.¹**

Features

High Capacity

Store up to 128TB of data per unit.

Daisy Chain Technology

Expand your configuration up to 8 units total, with a maximum of 128 hard disk drives.¹

RAID Protection

Supports RAID levels 0, 1, 5, 6, and 10 or JBOD configuration.²

Silence You Can Hear

Silent Fan Technology that cuts down the noise level - ideal for studio environments.

Rackmount Design

Made for easy storage in standard rackmount cabinets - perfect for any data center, server-storage, or mobile rack environment.

Built to Support Advanced Video Formats

Such as DV, HDV, ProRes 422, DVCPRO HD, HD 8-bit & 10-bit uncompressed, and much more.

Specifications

Optimal Performance with 12Gb/s Technology

Requires 12Gb/s SAS/SATA drives

Hard Disk Drives (HDDs)

Store up to 16 3.5" HDDs. Choose from 500GB, 1TB, 2TB, and 3TB hot-swappable drives.

External Host Interface

12Gb/s, 1 HDSAS Host port ,
2 HDSAS Expander ports

Compatible with Standard Operating Systems

Mac OSX, Windows, Linux.

Warranty

Standard 3-Year Limited Factory Warranty.

¹ Actual figures may vary. Please refer to RAID Controller Card specifications.

² RAID Controller Card required.

Expander JBOD

16TB

Model Number	iR16SAE12GS
Product Series	iR16 Series
Product Name	iR16 12G SAS Expander
Raw Capacity	up to 1024TB
External Host Interface	12Gb/s 1 HDSAS Host Port ³ 2 HDSAS Expander Ports ⁴
Cooling	3 Cooling Fans
OS Compatibility	Mac OSX, Windows, Linux
Power Supply	Universal Auto-Switching
Enclosure Dimensions (L x W x H)	25.5" x 19" x 5.25"
Enclosure Weight	46 lbs ⁵
Enclosure Weight at Full HDD Capacity	70 lbs ⁵
Package Dimensions (L x W x H)	31" x 25" x 11.5"
Package Weight at Full HDD Capacity	86 lbs ⁵
Warranty	Standard 3-Year Limited Factory Warranty ⁶

³ Host Port refers to the connection slot used to connect the storage system or unit to your computer system.

⁴ Expander Port refers to the connection slot(s) used to connect the storage system or unit to multiple storage systems or units, also known as Daisy Chaining

⁵ This is an approximate measurement based on ideal conditions.

⁶ Certain restrictions apply.

What's Included

Rackmount Storage Enclosure

Accessories Kit

2 x A/C Power Cables

16 x Removable Drive Trays

PCI-Express RAID Controller Card (optional)

1 x Rackmount Sliding Rail Set

1 x HDSAS 8644 Cable (1 Meter)

Qualified RAID Controller Cards

ATTO R680 (SATA/SAS) (6Gb/s)
Areca 1883X (SATA/SAS)
(12Gb/s)

ATTO R680 (SATA/SAS) (6Gb/s)
Areca 1883X (SATA/SAS)

Front View

Bezel Door

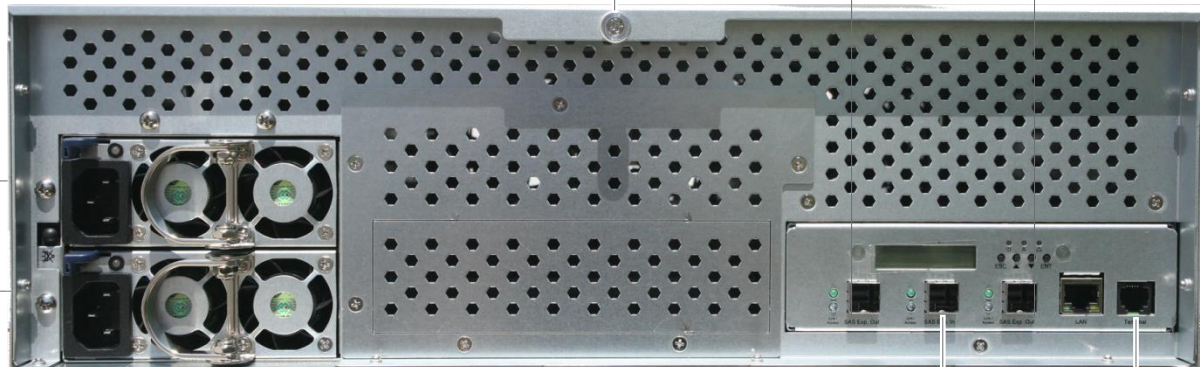

Back View

Redundant Power Supply

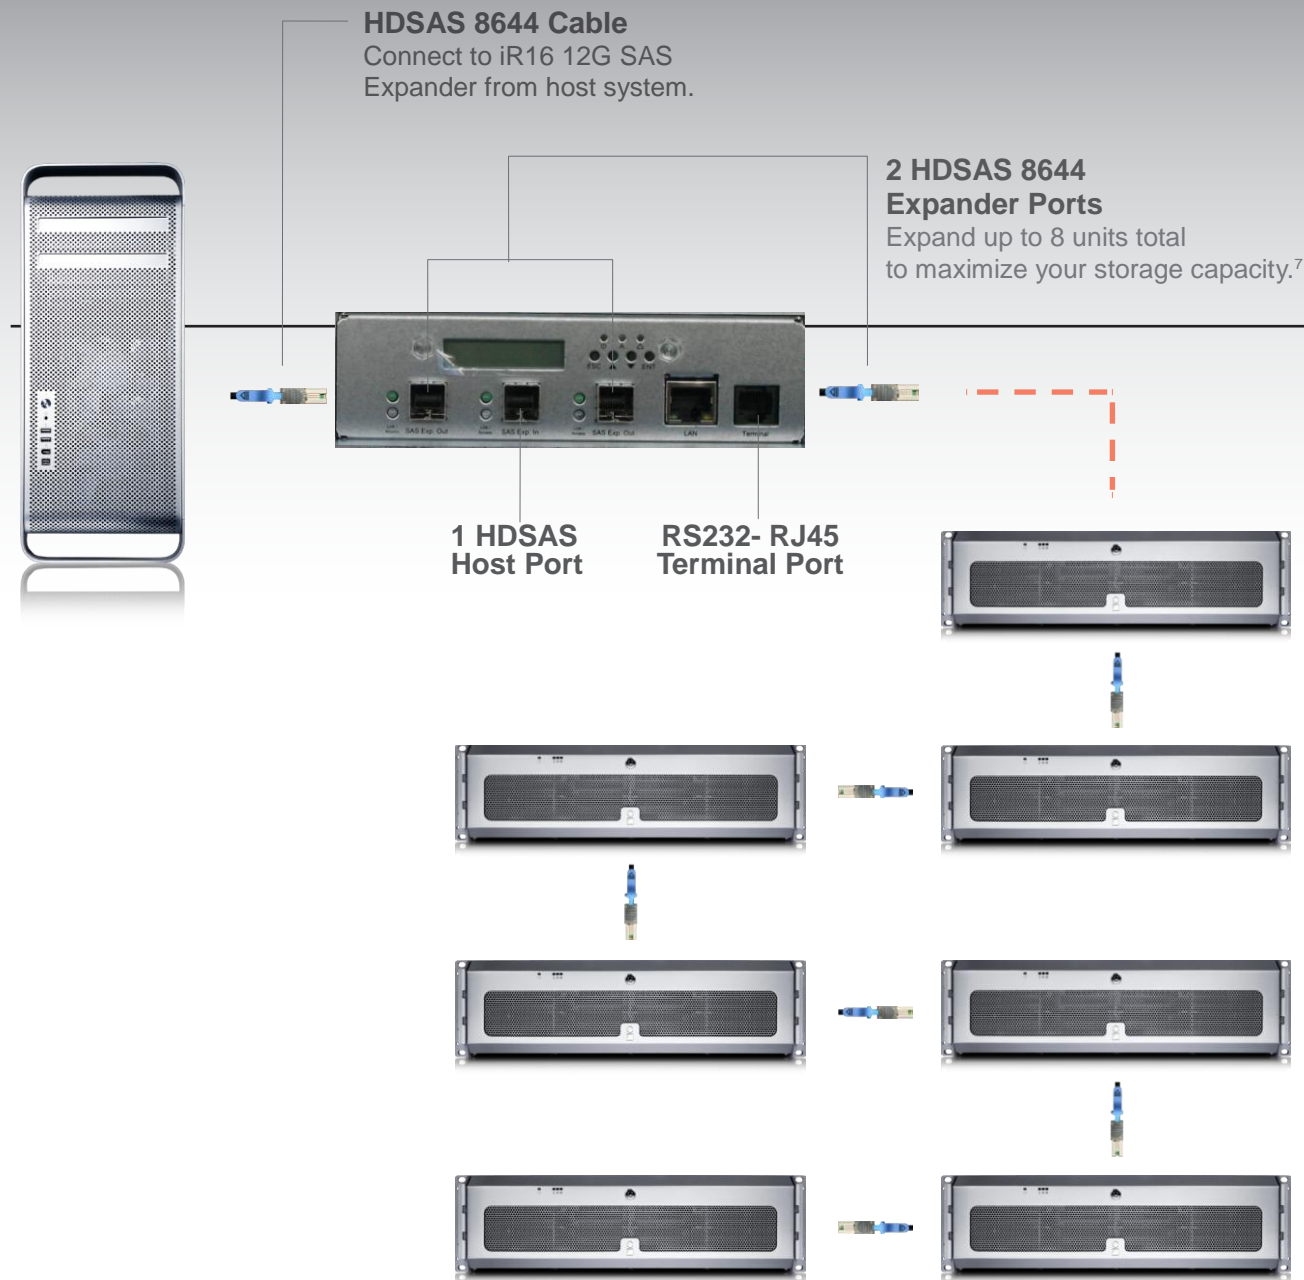

Thumbscrew
For Easy Maintenance

2 HDSAS
Expander Ports

1 HDSAS
Host Port

RS232- RJ45
Terminal Port

⁷ Actual figures may vary. Please refer to RAID Controller Card specifications for more details.
