

# StoragePro™ RAID Setup Guide

Pocket View

Dock View

RAID MODE	1	2
RAID 1	off	off
RAID 0 Strip	off	on
RAID 0 Span	on	off

By default, the system is set to RAID 1 Mirroring.

To change to RAID 0, please do the following:

1. Change the RAID setup to RAID 0 by toggling the switches at the back of the unit. Refer to the table on the left.
2. Restart the machine. As the machine powers up, press the Re-Init button (Left Arrow) on the LCD Display.
3. After the disk initialization is complete, you will be prompted to confirm your RAID mode change to RAID 0. Press the Re-Init button again to confirm.
4. Once the display shows "Active," you may connect the system to your host computer.

**\*Please note: Changing the RAID mode will erase your data. Please back up your data properly before setup.**
